

REACH

(Registration, Evaluation, Authorisation and Restriction of Chemicals)

The European REACH Directive (DR/1907/2006EC) will have a significant impact on all manufacturers and importers of chemical substances in the European Union.

Smith & McLaurin is aware of its obligations under this Directive.

Graham Clark (Technical Manager) is Smith & McLaurin contact on all issues regarding REACH.

As Smith & McLaurin are neither a manufacturer nor importer of chemical substances, it is regarded as a "Downstream user" and will not be pre-registering any substances itself. Nevertheless, we are aware of the implications of REACH and are currently checking if all our raw materials suppliers to make sure that all raw materials are planned to be registered.

We currently have not received any negative comments from any of our suppliers regarding future registration. If we do receive any such information that might affect any product supplied to your company, we will immediately be in touch.
